Dear Head of Council,

On May 12, 2025 I introduced the *Protect Ontario by Building Faster and Smarter Act, 2025* (Bill 17). Through this legislation, and other changes, we are responding to recommendations and requests from municipal leaders to make it easier and faster to build new homes and infrastructure Ontario needs like transit, roads, water, and wastewater systems.

The bill contains bold actions to protect Ontario from the Ministry of Municipal Affairs and Housing, the Ministry of Infrastructure and the Ministry of Transportation. Details about the range of measures can be found in the news release.

Building Code Act – Ministry of Municipal Affairs and Housing

Schedule 1 of the Bill proposes changes to the *Building Code Act* which include:

- Adding a provision to clarify that municipalities do not have the authority to create or enforce their own construction standards.
- Eliminating the requirement for a secondary provincial approval of innovative construction products for products that have already undergone a "Canadian Code Compliance Evaluation" by the federal Canadian Construction Materials Centre (25-MMAH0042). Comments can be made through the Regulatory Registry of Ontario (RR) from May 12, 2025, to June 11, 2025.

Development Charges Act – Ministry of Municipal Affairs and Housing

Schedule 4 of the Bill proposes changes to the *Development Charges Act, 1997,* to standardize the development charge (DC) methodology and framework and improve predictability of costs, include:

- Creating a regulation-making authority to merge service categories for DC credits.
- Creating a regulation-making authority to specify what constitutes a "local service."
- Expanding the DC deferral to non-rental residential developments. Related changes include:

…/2

    - Providing municipalities authority, in circumstances set out in regulation, to require financial security for payment of deferred DCs for non-rental residential developments; and
    - Removing authority for municipalities to charge interest on any legislated DC deferral amounts.
- Enabling municipalities to make any changes to their DC by-laws for the sole purpose of reducing DCs or removing indexing without undertaking certain procedural requirements.
- Creating a regulation-making authority to prescribe exceptions, including conditional exceptions, to capital costs that are eligible to be recovered from DCs.
- Providing that the frozen DC rates on a development would not be applicable if the current DC rates in effect would result in a lower payment.
- Exempting long-term care homes within the meaning of subsection 2 (1) of the *Fixing Long-Term Care Act, 2021* from municipal DCs.

We are interested in receiving your comments on these proposed measures. Comments can be made through the Regulatory Registry of Ontario (RR) from May 12, 2025, to June 11, 2025:

- RR 25-MMAH003: Changes to the *Development Charges Act, 1997,* to Simplify and Standardize the Development Charge (DC) Framework.

Planning Act – Ministry of Municipal Affairs and Housing

Schedules 3 and 7 of the Bill propose changes to the *Planning Act* and the *City of Toronto Act, 2006* that would help streamline and standardize municipal development processes. If passed, the proposed changes would:

- Provide authority for regulations to limit municipal complete application studies and provide greater recognition of planning reports prepared by prescribed certified professionals,
- Remove the need for certain minor variances,
- Give the Minister of Municipal Affairs and Housing the authority to impose conditions on a use permitted by a Minister's zoning order, and
- Streamline planning approvals for publicly funded kindergarten to grade 12 schools.

We are also interested in receiving any comments you may have on associated regulatory changes. The government is undertaking 45-day consultations on the following proposals from May 12, 2025, to June 26, 2025:

- ERO 025-0462: Proposed Regulations – Complete Application (seeking feedback on proposed regulations to address complete application requirements (study/report requirements) and submissions from certified professionals)
- ERO 025-0463: Proposed Regulation – As-of-right Variations from Setback Requirements (seeking feedback on a proposed regulation that would allow variations to be permitted "as-of-right" if a proposal is within 10% of requirements for setbacks from property lines applicable to specified lands)

The Environmental Registry postings provide additional details regarding the proposed changes.

Ministry of Infrastructure Act – Ministry of Infrastructure

Schedule 6 of the Bill proposes changes to the *Ministry of Infrastructure Act, 2011* (MOIA), to provide the Minister of Infrastructure with the authority to request information and data from municipalities and municipal agencies, where needed to support provincially funded infrastructure projects. This would help speed up the delivery of critical infrastructure that our growing communities need, while also supporting jobs and economic growth. Comments can be made through the Regulatory Registry of Ontario (RR-25MOI003) from May 12, 2025, to June 11, 2025.

Transit-Oriented Communities Act – Ministry of Infrastructure

Proposed changes to the *Transit-Oriented Communities (TOC) Act*, 2020, would reduce barriers to implementing the Transit Oriented Communities (TOC) by:

- Amending the definition of a "Transit Oriented Communities project" to include projects along the GO and LRT network more efficiently,
- Removing OIC approval requirements for any agreements between the Minister (or an entity with delegated powers) and a municipality, and
- Enabling the Minister to delegate certain responsibilities to Infrastructure Ontario for the purpose of developing TOCs.

We are interested in receiving your comments on these proposed changes. Comments can be made through the Environmental Registry of Ontario from May 12, 2025, to June 11, 2025:

- ERO 025-0504: Proposed *Transit-Oriented Communities Act, 2020*, changes to reduce barriers to implementing municipal agreements.

Ministry of Transportation

Schedule 2 of the bill proposes a change to the *Building Transit Faster Act, 2020* (BTFA) that, if passed, would extend the use of the BTFA measures to all provincial transit projects. This change would remove barriers to building transit faster and get shovels in the ground quicker to build major provincial transit projects that connect communities.

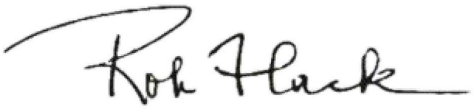
A proposed amendment to the *Metrolinx Act, 2006,* permits the Minister of Transportation to request certain information and data from municipalities or municipal agencies necessary to support the development of provincial transit projects or Transit-Oriented Communities projects.

You may provide your comments on the proposed change to the BTFA through the Environmental Registry of Ontario (ERO) notice ERO 025-0450 and the Ontario Regulatory Registry notice (RR 25-MTO005) and the Metrolinx Act (RR 25-MTO006) from May 12, 2025 to June 11, 2025.

The government invites you to review the Environmental Registry of Ontario and Regulatory Registry of Ontario posting links provided above and share any feedback you may have. If you have any questions, please reach out to my Director of Stakeholder and Caucus Relations, Tanner Zelenko, at Tanner.Zelenko@ontario.ca.

In the face of economic uncertainty, we must protect Ontario by speeding up construction so we can lower housing costs and keep workers on the job. I look forward to continued collaboration with you, our municipal partners, to create the homes that Ontario need today, tomorrow, and in the decades to come.

Sincerely,



Hon. Robert J. Flack
Minister of Municipal Affairs and Housing
